

## Australian Cybersecurity Statement of Compliance

We,  
Vantiva Technologies  
10 boulevard de Grenelle  
75015 Paris - France  
[www.vantiva.com](http://www.vantiva.com)

declare under our sole responsibility that the product:

Product Name: CM3500-VOC

Product Type: DOCSIS 3.1 Cable Modem for household use

is in conformity with the applicable security requirements of the **Cyber Security (Security Standards for Smart Devices) Rules 2025**, as required under the **Cyber Security Act 2024**. Specifically:

- Passwords are not relevant for this product, as the WebGUI is not accessible to the end users
- Point of contact to report security issues: [security@vantiva.com](mailto:security@vantiva.com)
- Defined support period: until 31-December-2028

This Cybersecurity Statement of Compliance is only valid for configurations (combinations of software, firmware, and hardware) provided and supported by Vantiva Technologies.

This Statement of Compliance will be retained by Vantiva Technologies for a period of five (5) years and made available to relevant authorities upon request. Also, the latest version of this Statement of Compliance can be found at this address:
